

# Call for Exhibitors

## GOMACTech-11

Securing the Future through Rapid Technology Insertion

March 21-24, 2011

Doubletree Hotel, Orlando, FL USA

<http://www.gomactech.net>

In June 1994, Defense Secretary William Perry issued a directive to maximize reliance on existing commercial off-the shelf (COTS) electronics and directed the armed forces to buy products and components from commercial sources. The decision was based on reducing acquisition cost and eliminating outdated procurement regulations to take advantage of the exponential increase in commercial microelectronics capabilities (Moore's law). While technologies have continued to reach subsequently smaller nodes, market forces have driven manufacturing, capital equipment, and design to overseas sources. Although domestic defense systems have benefited from these technical advancements, these same enabling technologies are no longer solely available to the tactical advantage of the US and its allies. The nexus of integrated microsystems, systems-on-chip, and multiple viable semiconductor material systems presents new opportunities for functionality via heterogeneous integration (synthesis of dissimilar materials, circuits, and sub-systems). Design of these heterogeneously integrated microsystems will also require efficient small batch, custom, next generation design automation tools. The challenge of adaptive threats in the asymmetric paradigm drives the need for higher level integration and transition methodologies.

The Government Microcircuit Applications & Critical Technology Conference (GOMACTech) is the premier forum for reporting on government funded micro and nano-electronic research and complementary efforts that focus on the technology needs of government systems.

**Exhibit space will be rented at \$2100 for each 8 ft. deep by 10 ft. wide booth**

Every effort is being made to assure attendees' participation in the Exhibition. An afternoon break on Tuesday and morning and afternoon breaks on Wednesday will be held in an area inside the Exhibit Hall. Technical sessions will be held on Tuesday through Thursday from 8:30 am to 12:00 pm and from 1:30 pm to 5:00 pm.

### EXHIBIT HOURS

**Tuesday, March 22, 2011**      **12 noon – 8 pm**  
**Wednesday, March 23, 2011**      **9 am – 4 pm**

### For exhibit information, please contact:

**Michele Klein**  
**(212) 460-8090 ext. 216**

### Participating Government Organization

Department of Defense (Army, Navy, Air Force)  
National Aeronautics and Space Administration  
Department of Commerce (National Institute of Standards and Technology)  
National Security Agency  
Department of Energy (Sandia National Laboratories)

Defense Threat Reduction Agency  
Defense Advanced Research Projects Agency  
Central Intelligence Agency  
National Reconnaissance Office  
Defense Logistics Agency  
Department of Health and Human Services
