

GOMACTech 2016

Conference: March 14-17, 2016

Exhibition: March 15-16, 2016

Wyndham Orlando Resort International Drive, Orlando, FL

www.GOMACTech.net

Why Exhibit at GOMACTech?

- The Government Microcircuit Applications & Critical Technology Conference (GOMACTech) is the **premier forum** for reporting on government funded micro and Nano-electronic research
- Established in 1968, the conference has focused on advances in systems being developed by the Department of Defense and other government agencies and has been used to announce major government microelectronics initiatives such as VHSIC and MIMIC
- If you are a U.S. Company targeting this area of government research and development technology, there is no better conference to be part of to gain visibility and quality contacts

Exhibitor Benefits

- One complimentary technical registration per 8x10 booth, plus unlimited exhibit passes
- A listing in the official GOMACTech exhibit guide
- A Conference Sponsored Exhibitor Reception, held Tuesday Evening in the exhibit hall featuring food, drinks, and quality time to interact with attendees in a relaxed environment
- All refreshment breaks and lunches are held in the exhibit hall, designed to drive traffic to exhibit booths and allow maximum interaction with conference attendees
- Conference assistance in helping you maintain contact with potential clients long after the show concludes

Participating Government Organizations

- Department of Defense (Army, Navy, Air Force)
