

Dr. Wayne Churaman received his B.S. and M.S. in Electrical Engineering, and his Ph.D. in Mechanical Engineering from the University of Maryland at College Park. He served as the Team Lead for the Protective Technologies Team within the Electromagnetic Spectrum Sciences Division at DEVCOM Army Research Laboratory from 2018 to 2023 where he oversaw numerous classified programs in secure packaging and novel security solutions for microelectronics. Dr. Churaman currently serves on both the Technical Planning Committee, and the Steering Committee for the Government Microcircuit Applications and Critical Technology (GOMACTech) Conference and is now serving as the Secure Edge/IoT Computing Technical Executive Area Lead under DoD's Microelectronics Commons.
