

*Dr. Chris Coen* is a Principal Research Engineer in the Electromagnetics Division of the Advanced Concepts Lab (ACL) at the Georgia Tech Research Institute (GTRI). He earned the B.S., M.S., and Ph.D. degrees in Electrical and Computer Engineering from Georgia Tech in 2009, 2012, and 2017, respectively, and has been with GTRI since 2017. His research focuses on the development and application of millimeter-wave integrated electronics, RF analog signal processing technologies, active electromagnetic metastructures, and phased-array antenna systems. Dr. Coen has authored and co-authored 43 papers to date and is a named inventor on two issued patents.
